---

Thank you, Davis. As we just discussed, and as Marianne, Bill and I discussed earlier, we will simplify our communications. Marianne will email the cong. contacts on Friday to provide the release date of the plan, and to say that I will follow up next week to schedule a brief staff conference call for the day before the release of the plan.--Cindy

Cindy, please see my edits. I am fine with sending it today, but would defer to Mark and Marianne to make that call.

Thanks,

Does this work? If so, would it be okay to send it today?

Hello. This Friday, May 27, please expect an email from Public Affairs Director Marianne Holsman to share the date that EPA will release the Portland Harbor Proposed Plan. Very little has changed since EPA presented information about the plan to your offices in Portland in March. The single significant change is that we now have better cost information.

Although there would be **limited change in information previously provided**, ~~little to say~~, EPA would like to offer a very brief conference call, or calls, if your offices would find that helpful. Would your office like to have a staff conference call shortly before the plan is released? Would your office want Regional Administrator Dennis McLerran to have a call with the members shortly before the plan is released? Please let me know if there is interest in either call.
